*"There is no cause which merits
a higher priority than the protection and development of children,
on whom the survival, stability and advancement
of all nations – and, indeed of human civilization – depends."*

Altogether, let's co-create a new Education

EDUCATION 3000

Tomorrow's Education, Today

It is time, it is now, it is in our hands.

Educatiooon 3000 comes from Pedagogooogia 3000® in Spanish.
It is written P3000 for short.

We are co-creating a Comprehensive Multicultural Education that promotes Culture of Peace and Solidarity. Yes, it is time to transform Education worldwide.

Forming an organic grassroots team of enthusiastic individuals and non-profit organizations, we are a group of volunteers, mainly teachers, parents, youths, health and education professionals, from more than 50 countries,

We invite everybody to be part of this extraordinary journey, generating inner and outer changes, elevating our consciousness and manifesting transformation in Education.

*Co-creating a comprehensive Education
For the children of today and tomorrow
Opening our Mind and Heart
Establishing Peace on Earth
